1. Purpose

To inform the Children's Trust Board of the further development of the Children and Young People's Plan (CYPP) including;

- a) the revisions in light of the consultation responses and
- b) outline the proposed approach to refine the CYPP ready for implementation for April 2012

2. Background/Context

A draft CYPP was consulted upon between August and October 2011. The Plan has been amended in the light of the feedback received, to produce a focussed, succinct document which can be understood and accessed by the general public as well as partners.

The CYPP now clearly sets out the following:

- the Vision
- the 5 principles that underpin the work of the Partnership
- the 5 key priorities for the Partnership. Including the key tasks/activities which underpin the priorities and the key performance indicators used to measure success
- the links between the CYPP and other key planning documents.

3. Recommendations

- the CYPSP agree the Children & Young People's Plan as our "live Plan" from this point onwards, subject to any changes that may be required as a result of the publication of statutory Guidance following the Education Bill and the finalising of the Council Business Plan. At which point the Plan will signed off for final Publication by the Chair of the Partnership.
- the CYPSP agree to work being completed to develop the key tasks\activities, performance measures and targets for 2012/13 as above.
- the CYPSP agree that the needs assessment and other contextual information previously shown in the draft CYPP be published separately as appendices
