

Development Day – Membership Recommendations – David McWilliams

1. Background

Prior to the Partnership Meeting in September 2011, I met with a range of individuals, services and young people in order to produce a “CYPSP Health Check.” At the September Meeting I reported back some of the Key Findings and we agreed to meet again in February 2012 for a Development Day to explore the key themes in more detail.

What follows is a recommendation for future Membership of the Children and Young People’s Strategic Partnership.

2. Recommendations
