LINCOLNSHIRE WASTE PARTNERSHIP

SUBJECT: LINCOLNSHIRE JOINT MUNICIPAL WASTE MANAGEMENT STRATEGY – ACTION PLAN UPDATE

REPORT BY: WASTE OFFICERS GROUP

CONTACT NO: MARK TAYLOR – 01529 308154

BACKGROUND INFORMATION

It was agreed at the meeting of the Waste Partnership in October 2009 that the Waste Officer Group would present a formal update on the Joint Municipal Waste Management Strategy Action Plan every six months.

Attached to this paper is an appendix showing the actions as allocated to individual lead authorities and the progress that has been made to date.

Whilst most actions are progressing relatively well others are behind targets. The reduction in recycling officer capacity across the county is having an adverse impact on progress in some areas, and emphasis on waste infrastructure questions at Waste Officers Group has also been at the expense of progress on some of the issues in the Action Plan.

RECOMMENDATIONS

1. The Partnership is recommended to note the progress made against the action plan in the appendix attached to this report.
