

Open Report on behalf of Richard Wills - Executive Director -Communities

Report to: **Mid Lincolnshire and South Lincolnshire and Rutland Local Access Forums**

Date: **3/ 4 July 2012**

Subject: **Countryside Access and Rights of Way Improvement Plan Update**

Summary:

A report outlining the progress made in the implementation of the Lincolnshire Countryside Access and Rights of Way Improvement Plan.

Recommendation(s):

i) That the forum notes the contents of the report.

1. Background

The responsibility to produce a Rights of Way Improvement Plan is a statutory duty arising from the Countryside and Rights of way Act 2000. The first Lincolnshire Countryside Access & Rights of Way Improvement Plan (ROWIP) was adopted by the County Council on 3 April 2007.

The ROWIP is being implemented under four themes, each with a strategic aim and supporting the wider social objectives of the County Council including the aims of the LTP2:

- Sustainable Transport – *Strategic Aim to increase the use of the network for sustainable transport and utility trips*
- Health and Well-being – *Strategic Aim to make it easier for people to incorporate exercise into their daily lives and lead healthier lifestyles*
- Rural Economy and Tourism – *Strategic Aim to support local businesses and tourism through access improvements*
- Social Issues – *Strategic Aim to enable more people to enjoy walking and riding*

There is also a separate strand of Core Tasks that will assist in the management of the network and access opportunities.

The Countryside Access & Rights of Way Improvement Plan Year Action Plan is attached to this report as Appendix A.

2. Summary

Progress Report

Network Management-

The highway divisions have continued to make general improvements through improved maintenance and enforcement works. In the period April 2007 to April 2012 these have included;

- 783 stiles provided or repaired,
- 1459 new roadside signs,
- 1651 routes waymarked,
- 456 gates provided or repaired,
- 316 new bridges,
- 280 stiles replaced with kissing gates,
- 220 stiles removed.

Improvement Schemes – The 2012/13 improvement programme is now under preparation and schemes will be implemented during the coming months at Wellingore, Nocton, West Common at Lincoln and Bourne. Improvements to routes in other areas of the County will be added to the list during the summer.

Publicity and Promoted routes

The Lindsey Trail was formerly opened by Edward Leigh MP at a ceremony at Market Rasen Race Course on Saturday 16 June 2012.

ROWIP 2 Progress

The County Council undertook an extensive consultation exercise and detailed network assessment during the preparation of the first ROWIP. The network assessment looked at the provision of rights of way and wider access opportunities within the County. The use and demand assessment was undertaken with stakeholder organisations, parish councils and the two LAFs. Lincolnshire CC won the 'Best Consultation and Community Involvement' category at the Natural England ROWIP awards in 2009.

Unfortunately limited resources will prevent the County Council from undertaking a full round of public consultation or a detailed network assessment, however, the principles regarding public need which underpinned the first RoWIP, and the network assessment made at that time are all still considered to be relevant. As a result the ROWIP 2 consultation will be restricted to stakeholder groups.

A copy of the ROWIP2 Consultation Letter is attached to this report as Appendix B.

ROWIP 2 will have an increased emphasis on community involvement and partnership work as a result of the County Council's decreased capability to deliver

the plan on its own. It is envisaged that both LAFs will be instrumental in the development and implementation of ROWIP2.

The consultation will commence on Monday 16 July and run for 12 weeks.

APPENDIX B

Rights of Way Improvement Plan 2 – Consultation Letter

Dear Sir/Madam,

Lincolnshire Rights of Way Improvement Plan 2 Consultation

The Countryside and Rights of Way Act 2000 placed a statutory duty on all highway authorities to prepare and publish a Rights of Way Improvement Plan (ROWIP). The ROWIP must assess;

- The extent to which local rights of way meet the present and future needs of the public.
- The opportunities provided by local rights of way for exercise and other forms of open-air recreation and the enjoyment of the authority's area.
- The accessibility of local rights of way to blind or partially sighted persons and others with mobility problems.

The first Lincolnshire Countryside Access and Rights of Way Improvement Plan was published in April 2007 and runs until 2012. The plan is a strategic document which sets out how the County Council intends to improve the management, provision and promotion of the County's public rights of way network.

Over the coming months the County Council will start the process of preparing the second ROWIP. A great deal has changed since the publication of the first ROWIP and ROWIP 2 will have to take account of significant changes in National policy and the current economic climate.

Unfortunately limited resources will prevent the County Council from undertaking a full round of public consultation or a detailed network assessment however the principles regarding public need which underpinned the first RoWIP, and the network assessment made at that time are all still considered to be relevant.

The initial step in the process is to establish if the current ROWIP has been successful. The County Council would welcome your response to the following questions;

- 1) Do you feel that the Statements of Action contained in the first ROWIP were sufficient?
- 2) What areas of the ROWIP do you feel the County Council has-
 - a) Delivered well
 - b) Failed to deliver or didn't completely deliver
- 3) What areas do you feel should be considered for the next ROWIP?
