Appendix B provided the Local Access Forum with a list of the 'Active Caseload' being dealt with by officers at Lincolnshire County Council.

It was highlighted to members of the Local Access Forum that the government had published a draft De-Regulation Bill. The Bill if adopted would enable Councils to have power to move things forward quicker, for instance, by being able to deal with irrelevant objections.

This item was introduced by John Law, who advised members that South East Lincolnshire Local Plan had missed out Public Rights of Way completely.

Discussion ensued as to the best way forward to ensure that Public Rights of Way were protected which included some the following issues:-

- When should Public Rights of Way be included on a Planning application?
It was noted that officers were currently involved in the process, but it was felt that ROW could be dealt with at pre-planning stage which would mean that the Order could be done at the same time as Planning Permission was granted;
- More involvement in delegated decisions to officers;
- The need to focus on the role of the Forum and how it should link into the access issue; and
- That a Local Access Forum was not a statutory consultee.

RESOLVED

That Chris **not sure what was agreed can you help at all please?**

13 ANY OTHER BUSINESS

The Chairman advised the Local Access Forum members that the Local Access Forums Annual Conference had ceased, as a result of the costs attributed to it. It was noted however, that there was to be a Chairman's meeting.

Brian Bowles brought to the Local Access Forums attention the effect of the Coastal Access Path to areas such as Gibraltar Point. Some discussion took place as to the location of the path; some members felt that the path would be better if situated more inland. It was highlighted that the whole purpose of the path was to be as close to the shoreline as possible. The Countryside Access and Definitive Map Manager advised that Natural England were seriously looking into withdrawing funding to the coastal Access path, so location of the path might not be an issue going forward.

Further to minute number 44(i) of the meeting held on 10 April 2013, Gordon Norris enquired if the forum had any objection to John Law joining the Access Group. Local Access Forum members extended their support to John Law joining the Access Group.

Members were also advised that there were six walks that needed walking for disabled access. It was noted that members of the Access Group would be trained by Debbie B (Do you know the ladies name?), which would save time and money.

Members were asked for suggestions to assist in funding the maps for the disabled paths, suggestions put forward were WREN; parish groups, Environmental Trusts, Local Lions groups and potentially the Big Society Fund if agreed by Lincolnshire County at the meeting to be held on 12 July 2013.
