123 MINUTES OF THE PREVIOUS MEETING OF THE MID LINCOLNSHIRE
LOCAL ACCESS FORUM HELD ON 23 JANUARY 2018

RESOLVED

That the minutes of the previous meeting held on 23 January 2018, be agreed as a correct record and signed by the Chairman.

124 COLLOW ABBEY TO CLUMP HILL AND ON TO HAINTON - BLOCKAGE OF BRIDLEWAY (MINUTE 117)

A member raised concerns about the blockage of the bridleway from Collow Abbey through to Clump Hill and on to Hainton caused by 4x4s. The member stated that fly tipping was also an issue on the bridleway. The member was requested to contact West Lindsey District Council to remove the fly tipping and the illegal use of the bridleway by 4x4s should be reported to Countryside Services. The Forum was informed that private owners of property on the route still had access along the bridleway.

125 ENGLISH COASTAL FOOTPATH - UPDATE

The Forum received an update in connection with progress of the English Coastal Footpath.

Officers stated that a long term partnership agreement to maintain the footpath involving the various local authorities along the route of the footpath was being examined.

A member enquired whether the route of the footpath in North East Lincolnshire would avoid the docks suggesting that the route could follow existing rights of way south of Grimsby which were more scenic. Officers stated that it was proposed that the route would pass through the historic centre of Grimsby.

RESOLVED

That the report be noted.

126 RECENT INCLEMENT WEATHER - HELP PROVIDED BY LINCOLNSHIRE COMMUNITY ASSISTANCE TEAM (L-CAT)

(Councillor Lewis Strange arrived in the meeting)

The Forum received a report from David Salkeld in connection with the help provided by L-CAT to local communities during the recent inclement weather including helping to deliver meals on wheels and transporting people to and from hospital.

The Chairman stated that the good work done by L-CAT during the recent inclement weather had been welcomed.

David Salkeld stated that responsible 4x4 owners were interested in ensuring that Green Lanes were maintained citing the example of work recently undertaken to maintain a Green Lane. The maintenance was welcomed by the Forum and it was suggested that David Salkeld should co-ordinate L-CAT's activities through the County Council's Countryside and Highway services.

David Salkeld stated that he was seeking information from the County Council's Countryside Services, about which Green Lanes which could be used by 4x4s adding

that his group was noting those 4x4 users causing criminal damage and reporting them to the police. He said that L-CAT needed to know the existence of accessible rights of way for 4x4s to assist the police in searching for missing individuals.

David Salkeld would speak to Sheila Brookes outside of the meeting in connection with her complaint about damage to the bridleway raised in minute 124.

RESOLVED

That the report be noted.

127 REPORT BACK ON THE SOUTH KESTEVEN DISTRICT COUNCIL
PLANNERS TRAINING EVENT

The Chairman stated that both himself and Catherine Beeby, Senior Definitive Map Officer, had been invited to South Kesteven District Council where they had both participated in a planners' training event and had taken the opportunity to speak about how both the law and planning affected rights of way. He had explained how planning applications could affect rights of way, the health and wellbeing benefits of walking and added he was surprised how little the planners knew about rights of way. He added that all parties had welcomed the opportunity to share information about their roles.

A member stated that many local authorities arranged walking festivals and that planning authorities should be aware of these events. The Forum agreed that planning authorities should always consult Local Access Forums if a planning application affected a right way and hoped that there would more opportunities to provide information about rights of way.

RESOLVED

That the report be noted.

128 ACHIEVING ADDED VALUE FOR TOURISM AND BUSINESS FROM
COASTAL MANAGEMENT

The Forum received a report which had been considered by the County Council's Environment and Economic Scrutiny Committee last year in connection with a review of progress on developing a long term plan for promoting tourism and environmental protection in the context of investing in coastal management. The report, in particular, examined the area covered by the Lincolnshire Coastal Country Park and the opportunities to attract visitors and improve facilities.

The Forum welcomed the development of the Country Park, including some rights of way being linked up to allow circular walks and the development of the English Coastal footpath which, hopefully, would be a major attraction for visitors. A member expressed disappointment that the Coastal footpath had no provision for cyclists but this was due to the cost involved. The Forum felt that a long term view was required for the provision of bridleways and cycling facilities in the area as many of the roads

**MID-LINCOLNSHIRE LOCAL ACCESS FORUM
17 APRIL 2018**

near the coast which were suitable for cycling years ago were no longer suitable. Also, it was noted that there was no details in the report about the type of visitors visiting the coast and that the Council should carry out some research into this matter.

RESOLVED

That the comments made by the Forum in connection with the report be noted.

129 COUNTRYSIDE FOR ALL

The Forum received a report from John Law in connection with the various activities he was involved in which affected the Local Access Forums.

The Forum's attention was drawn to actions required either by the Forum or officers, including a request that members should inform John Law if they wished to get involved in the Choice Unlimited Event at the Festival Gardens, Spalding and to ask Chris Miller to investigate whether improvements to the path at Mareham Marshes could be made to increase the path width back to a minimum of one metre and to reduce puddling.

RESOLVED

That the various actions identified in the report be noted.

130 NORTH EAST LINCOLNSHIRE COUNCIL'S COUNTRYSIDE RIGHTS OF WAY IMPROVEMENT PLAN 2 (ROWIP2)

The Forum received a progress report from North East Lincolnshire Council in connection with the preparation of their ROWIP2. RESOLVED

That the report be noted.

Open Report on behalf of Richard Wills - Executive Director for Environment & Economy

Report to: **Mid Lincolnshire Local Access Forum**
Date: **3 July 2018**
Subject: **Definitive Map Modification Orders - Ongoing**

Summary:

A report on the progress of Definitive Map Modification Orders currently being progressed

Recommendation(s):

That the report is noted and formal written advice provided as required.

1. Background

As Surveying Authority the County Council has a statutory duty to keep under continuous review the Definitive Rights of Way Map and Statement for Lincolnshire and to make orders to take account of events requiring the map to be modified. This is carried out by the processing of Definitive Map Modification Orders (DMMOs) which are either applied for by the public or initiated by the Authority on the discovery of evidence.

Highways & Traffic Guidance Note HAT33/3/11 sets out that such cases will be dealt with in order of receipt/initiation unless one or more of the eight "exception criteria" apply.

The criteria are as follows:

1. Where there is sustained aggression, hostility and ill feeling within a community that is causing severe disruption to the life of that community, and that in processing the case early there is a strong likelihood this will reduce.
2. Where there is a significant threat to the route, likely to cause a permanent obstruction (e.g. a building, but not, for example, a locked gate or residential fencing).
3. Where there is, or has been, a finding of maladministration by the Local Government Ombudsman on a particular case and that in

- processing the case the County Council will discharge its duty to the Ombudsman's decision.
4. Where legal proceedings against the County Council are instigated or are likely to be instigated and it is possible that the Authority has a liability.
 5. Where there is a risk to children on County Council owned property and land or where the claimed route would provide for a safer alternative route to a school, play area or other amenity for children.
 6. Where there is a significant financial saving to the County Council (and therefore taxpayers) through the processing of an Order.
 7. Where a new application is received that relies on evidence of a case already received or, if the new application forms part of or is adjoining to an existing claim, the new claim will be dealt with at the same time as the older application.
 8. Where the route will significantly assist in achieving a Countryside and Rights of Way Improvement Plan Objective or Statement of Action.

The above numbered exception criteria do not cover every eventuality and it is recognised that in exceptional circumstances there may be other reasons why it would benefit the public for a case to be considered out of normal order. Officers will not prioritise any case under such circumstances and any appeal will only be considered by the Definitive Map & Statement of Public Rights of Way Sub-Committee.

Initially the priority of a case is set by Officers however there is a right of appeal for any affected persons whereby a decision is made by the Definitive Map & Statement of Public Rights of Way Sub-Committee on a case's priority in response to such an appeal.

Appendix A provides an outline of the position of cases currently deemed to be "active" within the prioritisation policy.

Open Report on behalf of Richard Wills - Executive Director for Environment & Economy

Report to:	Mid Lincolnshire Local Access Forum
Date:	3 July 2018
Subject:	Progress of Public Path Orders

Summary:

A report on the progress of Public Path Orders

Recommendation(s):

That the report is noted and formal written advice given where required

1. Background

The County Council has a power to divert, extinguish or create public rights of way either of its own volition or following an application to do so from the public. The Council may also enter into agreements with landowners regarding the dedication of public rights.

2. Summary of ongoing cases

The County Council is currently working on a number of cases most notably as follows:

- A package of eight diversions to realign routes in the Coastal Country Park area. Six Orders have now been confirmed. Two Orders need further work due to outstanding issues.
- A proposal to extinguish and divert parts of Public Footpath 55 in Skidbrooke with Saltfleet Haven and Saltfleetby St Clement parishes, and to divert part of Public Bridleway 1059 in Saltfleetby St Clement. An Order was made 18.06.2018.
- Extinguishment and creation orders in Market Deeping and Deeping St James parishes seeking to provide an improved route for a well-used public footpath in a developed area were made, with a consultation period running to 02.06.2017. An objection has been received. A public inquiry will be held at Odd Fellows' Hall, Market Deeping on 21st and 22nd August 2018.
- A proposal to divert a public footpath in Coningsby.

These public path orders have been undertaken as they fall within one of three of the following strategic areas:

- Applications from members of the public where public benefit in the proposal can be demonstrated in line with the Council's Rights of Way Improvement Plan.
- Cases that form part of wider green infrastructure schemes (Coastal Country Park, Witham Valley Country Park etc.)
- Cases forming part of wider Council strategies (Road / Rail Partnerships, Environmental strategies)

Appendix A contains details of all current Public Path Order proposals.

The County Council is developing a provisional Public Path Order Policy, which will eventually determine the order in which proposals are processed. This will need to be ratified before it can be implemented, and is subject to any changes necessary once regulations in respect of the Deregulation Act 2015 are issued.
