

Businesses are supported to grow and want to invest in the county; people have the skills and training to access local jobs supported by the right infrastructure and environment

Commissioning Strategy	Outcomes Outcomes are the results or benefits for individuals, families, groups, communities, organisations or systems. Outcomes reflect priorities and resources are allocated to achieve stated outcomes.	Measures Measures are how we will monitor and report progress in achieving the outcome.
Protecting and sustaining the environment The purpose of this commissioning strategy is an environment that supports economic growth. We think this can be best achieved when the environmental opportunities for investment are emphasised whilst still making sure that the natural environment is protected.	Reduce the risk of flooding	Number of flood incidents Number of flood prevention schemes implemented by the Council (Annual measure)
	Reduced carbon emissions	CO2 emissions from county council activity (Carbon management plan) <ul style="list-style-type: none"> • Buildings • Business mileage • Fleet mileage Community greenhouse gas emission levels for Lincolnshire
	Increase recycling	Waste landfilled (ENVO1) Household waste recycled and composted (NI 192) 2015/2016 target to be revised in new Joint Municipal Waste Strategy Composted waste (Green waste) (BV82b)
