

Businesses are supported to grow

Businesses are supported to grow

Sustaining and growing the business and economy

The purpose of this commissioning strategy is for businesses in our most important sectors to be developed, to encourage investment in Lincolnshire and help to train people so that there is a skilled workforce to whom businesses can offer quality jobs.

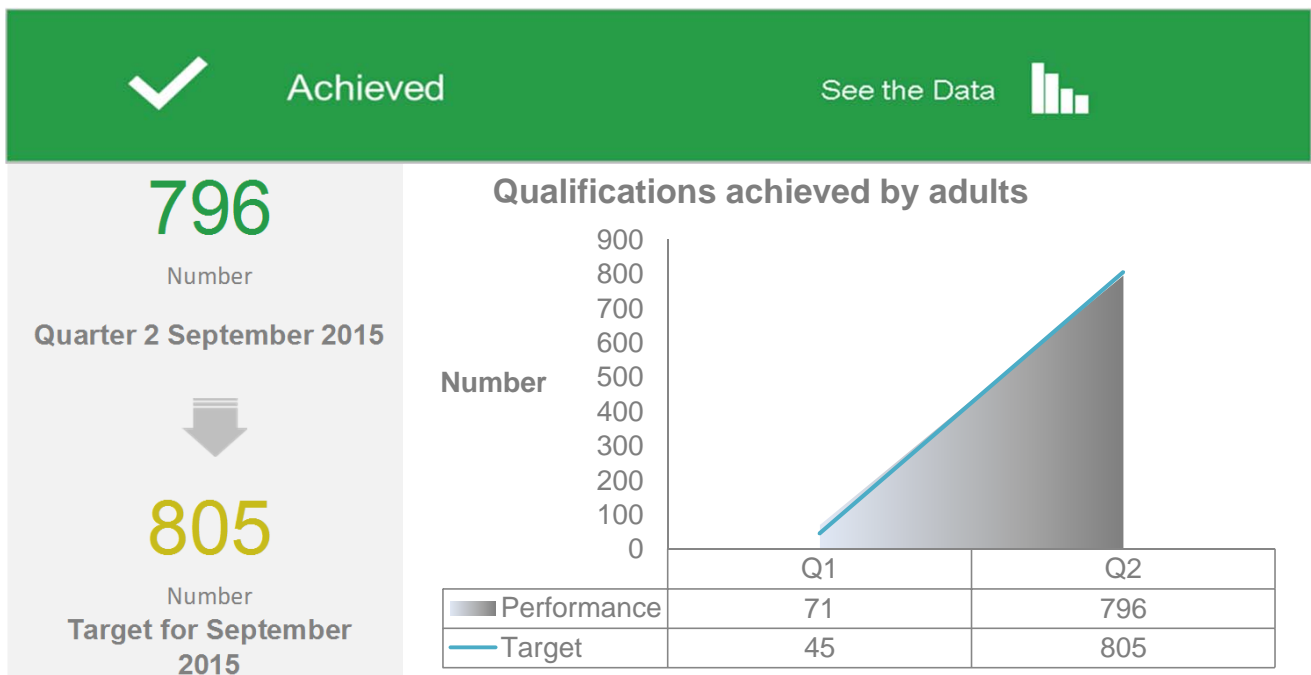

Outcome

Jobs created as a result of the Council's support

Measure

Qualifications achieved by adults

Number of qualifications achieved (Skills programmes, vocational training programmes, adult and community learning) through programme support by the council.

We continue to deliver training and learning to around 8000 people per year. Because of the nature of the training, just over 10% will receive a formal qualification (many others receive parts of qualifications which help them to gain employment) and we remain on track to achieve our target of 902.

Further details

About the target

The council commissions a series of training schemes which help individuals to gain skills. These training schemes are focused on the skills that employers need. Employers can understand an individual's skills level by the qualification that they hold, hence the reason that we count the number of qualifications achieved.

About the target range

About benchmarking

This measure is local to Lincolnshire and therefore is not benchmarked against any other area.
