

**Open Report on behalf of Richard Wills,
Executive Director for Environment and Economy**

Report to:	Flood and Drainage Management Scrutiny Committee
Date:	9 December 2016
Subject:	To report progress on the investigations undertaken in the County under Section 19 of the Flood and Water Management Act 2010 (FWMA).

Summary:

This is a standing item to inform the Committee on the position of all current Section 19 investigations in the County.

Actions Required:

Members are requested to view the current Section 19 spreadsheet at <https://www.lincolnshire.gov.uk/residents/environment-and-planning/flood-risk-management/flood-investigations/117780.article> (also included at Appendix A) and inform Democratic Services in advance if they wish to raise any particular site(s) at the forthcoming Flood and Drainage Management Scrutiny Committee.

1. Background

This is a standing item to inform the Committee on the position of all current Section 19 investigations in the County.

Members might be interested to know that in Quarter 2 this year (July – September), 3 individual Section 19 investigations were commenced involving flooding to a single residence and two commercial properties, all involving surface water. This compares with 15 investigations affecting 39 properties in the same period last year.

The inclusion of an investigation on the 'ongoing' list does not necessarily mean the investigation itself is not complete as the spread sheets also include any outstanding recommendations arising from the investigations. These recommendations can include remedial work by other risk management authorities or even riparian owners, and the completion of such third-party works are outside the direct control of the County Council.

2. Conclusion

Members of the Flood and Drainage Management Scrutiny Committee are invited to consider and comment on the investigations undertaken in the County under Section 19 of the Flood and Water Management Act 2010 (FWMA).
