

Appendix A – Neighbouring Authorities

As referred to in Section 3.4 of this JMWMS, the implementation of this strategy, particularly in the development of the accompanying Action Plan, will need to take into account the waste management actions and strategies of our neighbouring authorities.

In view of this, we will be specifically writing to each of those authorities as part of the public engagement process, asking them for any information which they think it would be helpful for us to take into account. Their responses will be listed in this Appendix A of our finalised JMWMS.

For ease of reference, our neighbours will be listed here in anticlockwise order, starting from the North-East coast with North East Lincolnshire Council.

Appendix B – Input from across the LWP

As a joint Strategy, shared by all LWP partner authorities, an important part of the process has been to capture everyone's views at various stages. Partner input has been sought and received throughout the process, but the main specific opportunities provided have included:

- Vision and Objectives – These were agreed at a pair of workshops held in July 2017. Full details are shown in the attached report.
- Action Plan – This is being developed through the regular LWP meetings and in particular by the LWP's Officer Working Group.
- Final draft – Partner comments will be welcomed as part of the main public consultation process.
- Sign-off – Each LWP authority will put the documents through their own scrutiny arrangements, culminating in the official adoption of the Strategy.

Appendix C – Public Engagement Results

This appendix will contain the results of the public engagement process, and details of any changes made to the Engagement Draft of the JMWMS in producing the final version for adoption by each LWP authority.

Appendix D – Glossary of Terms & Abbreviations

Term	Abbrev.	Description
Alternate Weekly Collections	AWC	Typically, the collection of household residual wastes every other week, whilst during the intervening weeks recyclables and/or green wastes are collected.
Anaerobic Digestion	AD	A process by which microorganisms break down biodegradable material in the absence of oxygen.
Biodegradable Municipal Waste	BMW	Those elements of the municipal waste streams that will rot or degrade biologically.
Controlled Waste Regulations	CWR	UK legislation categorising waste by contents and/or source.
Department for Environment, Food & Rural Affairs	Defra	UK government department responsible for waste management (amongst other things).
Energy from Waste	EfW	Any renewable energy technology that recovers energy from waste.
Household Waste	HW	Waste from domestic properties including waste from residual refuse collections, material collected for recycling and composting, plus waste from educational establishments, nursing and residential homes and street cleansing waste.
Household Waste Recycling Centre	HWRC	A place at which the public may deposit their household waste
(Joint) Municipal Waste Management Strategy	(J)MWMS	Also referred to in this document simply as "the Strategy". It is a statutory duty for local authorities in two-tier areas to have a Joint MWMS.
Landfill Allowance Trading Scheme	LATS	An initiative by the UK government to help reduce the amount of BMW sent to landfill. Abolished in 2013.
Lincolnshire Waste Partnership	LWP	Also referred to in this document simply as "the Partnership". Brings together the public bodies within Lincolnshire responsible for collection and disposal of waste.
Local Authority Collected Waste	LACW	Any waste collected by a local authority. Formerly known as "Municipal Waste".
Minerals and Waste Local Plan	MWLP	Sets out: <ul style="list-style-type: none"> the key principles to guide the future winning and working of minerals and the form of waste management in the county; and the criteria against which planning applications for minerals and waste development will be considered.

Term	Abbrev.	Description
Municipal Solid Waste	MSW	A waste type consisting of everyday items that are discarded by the public.
National Indicator	NI	One of a list of indicators used to measure local authority performance. Stopped being statutory from April 2011.
National Planning Policy Framework	NPPF	Introduced in March 2012, sets out the Government's overarching planning policies for England
National Planning Policy for Waste	NPPW	Introduced in December 2013, sets out the national framework for planning for waste management
Office of the Deputy Prime Minister	ODPM	Former UK government department with responsibility for some aspects of waste management (amongst other things).
Putrescible waste		The component of the waste stream liable to become putrid. For example: organic matter that has the potential to decompose with the formation of malodorous substances, usually refers to vegetative, food and animal products.
Strategic Environmental Assessment	SEA	A formal assessment of the environmental effects of a strategic document.
Technically, environmentally and economically practicable	TEEP	A formal assessment of whether an individual option can reasonably be achieved. Found in several pieces of waste legislation.
Waste Collection Authority	WCA	A local authority with the duty to collect specified wastes (including household waste). There are seven WCA's covering the LWP area: Boston Borough Council, City of Lincoln Council, East Lindsey District Council, North Kesteven District Council, South Holland District Council, South Kesteven District Council and West Lindsey District Council
Waste Disposal Authority	WDA	A local authority with the duty to operate HWRC's and to dispose of waste collected by WCA's in its area. There is one WDA covering the LWP area: Lincolnshire County Council.
Waste Planning Authority	WPA	A local authority with the duty to collect specified wastes (including household waste). There are seven WCA's covering the LWP area.
Waste Regulatory Authority	WRA	Has responsibility for ensuring compliance with waste legislation. In England this is the Environment Agency.
Waste and Resources Action	WRAP	A government-sponsored organisation promoting

Term	Abbrev.	Description
Programme		recycling and other waste issues.
