Engagement Strategy

This document explains how we, the County Council, will engage with the people of Lincolnshire, what we'll do and why we'd like to do it. The strategy is the result of conversations about what engagement means so it includes a series of commitments to you, as we embark on what we would like to be a positive relationship (cover page to be formatted with font and locally relevant image/collage).

Lincolnshire County Council Community Engagement County Offices, Newland, Lincoln. LN1 1YL 01522 782060

The Introduction

As the Community Engagement Team talked to people about what should be in this strategy, the recurring theme was about making a commitment to one another, so this document is our proposal to you, the people who live in, work in and visit Lincolnshire!

The Council has a Community Engagement Team that provides <u>advice and support</u> on the best ways to reach people. Before any of our staff begin planning how they will engage you, they will have spoken to the team. Engaging with you refers to any interaction that you have with the County Council. When delivered well, engagement demonstrates our commitment to making the whole experience of dealing with us as easy as possible and can help to build relationships. It is important to offer different ways of keeping in touch with each other. You can engage in a number of ways, including contact with the <u>Customer Service Centre</u>, filling in an online form, submitting a <u>petition</u>, responding to a survey we've sent about developing services or talking something through with your local councillor.

As you can imagine, there are quite a few strategies, policies, procedures, guidelines, rules and laws that we work with every day. Some are national and others are quite unique to Lincolnshire. We've made links to some of these things throughout this document.

References to 'you' throughout the strategy mean members of the public, community and business leaders; people who live in, work in or visit Lincolnshire. 'We' refers to the County Council, of which the Community Engagement Team is a part.

Aims and objectives – the proposal

The Community Engagement Team is part of the Community Resilience and Assets Service. As such, the team will work towards the service's aims to ensure:

- ✤ You are informed and engaged
- You can do things for yourselves
- Resources are transferred to you so you can take action
- ✤ Assets are protected and celebrated
- You have a strong 'sense of place'

It's really important that you have the chance to have a say on local issues, whether it's something we're asking for your views on or something you want to tell or ask us about. There are all sorts of different ways to engage from a simple conversation over the telephone to focus groups and a Facebook post to attending community events. We can't always give you lots of ways to engage with us because we have limited

resources, but we'll always try to offer more than one method so people can find something that suits them and you can sign up to our <u>Engagement Database</u> to receive information about relevant opportunities.

Councillors have many different roles and are also known as elected members, the front door to the council, the face of the council and so on. They are your representatives and could be your greatest ally. You can <u>contact them</u>, by telephone, e-mail, via social media, post and even meet them in person and they will work with you and council staff to help resolve any issue you have. They can make contact with the right officer inside the Council and find out information if they don't have it to hand. Staff within the Council will work with our councillors and other organisations, such as those in the voluntary & community sector, town and parish councils, other public sector services, the private sector and others who wish to engage with local people, to make it as easy as possible for everyone to contact and respond to the County Council.

We'd like to be bold and say that by 2023 we want to not only get better at engaging with you, but do the best job that we can when it comes to engaging with each other. So if we ask you what you think about how well we engage, at least 95% of you would say we do it well. We can't promise to always say 'yes'. Some resources are limited which means sometimes we will only be able to deliver a 'statutory service'. This means not all

conversations we have will be easy, particularly when we have to make difficult decisions or when you tell us we got something wrong. We will, however, do our best. We'll talk to you about your needs, concerns, frustrations and desires and listen to what you tell us, then feedback to you so all parties can check that we've understood correctly.

Our commitment to you

- We will involve you when making significant changes to your services this will usually be directly with you and can be done in a number of different ways.
 Sometimes we will also work with other organisations that represent you, such as supporting organisations, advocates, town or parish councils, networks and forums
- We will work within the law and regulations set out by courts and <u>Government</u>, with specific reference in this context to our <u>equalities</u> duties, <u>consultation</u> and using your <u>personal information</u>
- ✤ We will share our knowledge and expertise through training, advice and support to councillors, council staff and volunteers so engagement is as good as we can make it
- We, including the Community Engagement Team, will participate in project work that helps communities come together, celebrate achievements and enhance your sense of belonging and value
- We will also share and/or <u>transfer resources</u>, ideas, <u>funding information</u> and facilities so you can do things for yourselves if you wish to
- We will keep you informed so you know what is happening, how it will affect you and how you can be <u>involved</u>. When you've taken time to give us feedback we will feedback to you in a clear way, for example using a 'you said, we did' approach to check our understanding and so you know what action has been taken or have an explanation as to why something hasn't happened
- The Community Engagement Team and equalities champions throughout the Council will promote and encourage the use of <u>formats</u> and methods that make sure people are included, regardless of age, ability or ethnicity for example. We'll aim to resolve any queries or <u>complaints</u> as efficiently and fully as possible and within the guidelines set out so you know what to expect
- Communication is key to any relationship, so we will always try to be clear, concise and approachable.

Appendices (the extra information you might want) - How will we meet our Aims and Objectives? Let's get on with it...
