

Waste Strategy Public Consultation - Closes 2nd July 2018

The Joint Municipal Waste Management Strategy (JMWMS) sets out how the organisations which form the Lincolnshire Waste Partnership (LWP) will work together to deliver waste management services which protect the environment and provide value for money.

The aim of this survey is to invite feedback from anyone with an interest in our waste services, and will be considered in finalising the JMWMS before it is adopted by each LWP council.

In completing this survey, please note that the JMWMS provides a strategic overview rather than making proposals for specific changes to services. Any comments you wish to make regarding specific services, such as bin collections, should be made directly to your local council through their normal means of communication.

Please read the strategy before completing the survey or look at the summary document, which will help you to answer the questions. You can find this online at:

www.lincolnshire.gov.uk/recycle-for-lincolnshire/waste-strategy-for-lincolnshire/

Alternatively, you can request a paper copy:

- Email: wastestrategy@lincolnshire.gov.uk
- Phone: 01522 782070

Some of the questions refer to the Environmental Report which has been prepared to accompany the Strategy. You can access this document in any of the same ways as the JMWMS itself.

If you are completing this form by hand rather than online, please feel free to use a separate piece of paper if your comments won't fit in the space provided. Indicate clearly to which question you are referring.

<input type="checkbox"/> Agree	<input type="checkbox"/> Strongly disagree

Why have you answered this way?

Involved in the production of this vision

4. Are there any key issues, other than those we have identified, which should be driving our Waste Strategy?

You can find information about this here:

- Summary – Section 1.3
- Full Document – Chapters 3 and 5

Yes	<input checked="" type="checkbox"/> No
-----	--

If you answered "no", then what else should we include?

Our vision is "to seek the best environmental option to provide innovative, customer-friendly waste management solutions that give value for money to Lincolnshire".

5. Do you agree or disagree that the objectives we have set out will enable us to meet the challenges we face and therefore achieve our vision?

You can find information about this here:

- Summary – Section 1.4
- Full Document – Chapter 6

<input checked="" type="checkbox"/> Strongly agree	<input type="checkbox"/> Disagree
<input type="checkbox"/> Agree	<input type="checkbox"/> Strongly disagree

Why have you answered this way?

Seeks to strike a balance between managing the ongoing challenges that local government is experiencing in budget terms, with the expectations of its taxpayers.

6. Do you agree or disagree that our Forward Plan, as described in Chapter 7, contains all the actions we need to achieve our objectives?

You can find information about this here:

- Summary – Section 1.5
- Full Document – Chapter 7

<input type="checkbox"/> Strongly agree	<input type="checkbox"/> Disagree
<input checked="" type="checkbox"/> Agree	<input type="checkbox"/> Strongly disagree

Why have you answered this way?

It's a roadmap, that allows residents to see the higher level options and ambitions. However, the real challenges will emerge once an action plan is produced and some contentious proposals and targets are being advanced.

7. Do you have any specific concerns about the strategy?

<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No
---	-----------------------------

If you answered "yes", please tell us what concerns you have.

As per my previous answer. That it is accepted as being a high level document, that will need to be underpinned by a detailed action plan for each of the proposals, adapted to take full account of the political position within each collection authority.

8. Do you think the draft strategy could have a positive or negative impact on you (or someone you care for or support) due to any of the following? Tick all that apply

	Positive impact	Negative impact	No impact	Don't know
Age				X
Sex (male/female)				X
Disability				X
Sexual orientation				X
Pregnancy and maternity				X
Marriage and civil partnership				X
Race (ethnicity)				X
Religion or belief				X
Gender reassignment				X

If you have identified a potential impact, how would the proposed strategy impact you (or someone you care for or support) and how could any negative impacts be reduced?

A universal benefit of seeking to reduce the impact on council tax levels, by making our waste collection services as efficient and cost effective as possible, covers all of the above. In respect of the elderly, simplification of processes and waste management within the home must be another positive, but would also be beneficial to all residents.

The remaining questions relate to the Environmental Report which accompanies the JMWMS. This has been prepared as part of the Strategic Environmental Assessment, a process which we are required to undertake alongside the development of the JMWMS itself.

9. Does the Environmental Report correctly identify the likely significant effects of the draft Joint Municipal Waste Management Strategy?

<input checked="" type="checkbox"/> Yes	<input type="checkbox"/> No
---	-----------------------------

If you answered "no", please tell us what else you think should be included.

10. Do you agree or disagree that the draft JMWMS has sufficiently taken account of the information provided in the Environmental Report?

<input type="checkbox"/> Strongly agree	<input type="checkbox"/> Disagree
<input checked="" type="checkbox"/> Agree	<input type="checkbox"/> Strongly disagree

If you disagree, please tell us what else you think should be taken into account.

Thank you for completing this survey.

Once the consultation period has ended, on 2nd July 2018, the Lincolnshire Waste Partnership will review the Joint Municipal Waste Management Strategy and Environmental Report in light of all responses received.
