Open Report on behalf of Richard Wills - Executive Director for Communities

Report to:	Mid Lincolnshire Local Access Forum & South Lincolnshire & Rutland Local Access Forum
Date:	02 July 2013
Subject:	Definitive Map Modification Order Progress - October 2006 to 24th June 2013

Summary:

A report on the progress of Definitive Map Modification Order work since the inception of the current prioritisation policy.

Recommendation(s):

That the report is noted

1. Background

As Surveying Authority the County Council has a statutory duty to keep under continuous review the Definitive Rights of Way Map and Statement for Lincolnshire and to make orders to take account of events requiring the map to be modified. This is carried out by the processing of Definitive Map Modification Orders (DMMOs) which are either applied for by the public or initiated by the Authority on the discovery of evidence.

Highways & Traffic Guidance Note HAT33/3/11 sets out that such cases will be dealt with in order of receipt/initiation unless one or more of the eight "exception criteria" apply.

The criteria are as follows:

1. Where there is sustained aggression, hostility and ill feeling within a community that is causing severe disruption to the life of that community, and that in processing the case early there is a strong likelihood that this will reduce.
2. Where there is a significant threat to the route, likely to cause a permanent obstruction (e.g. a building, but not, for example, a locked gate or residential fencing).

3. Where there is, or has been, a finding of maladministration by the Local Government Ombudsman on a particular case and that in processing the case the County Council will discharge its duty to the Ombudsman's decision.
4. Where legal proceedings against the County Council are instigated or are likely to be instigated and it is possible that the Authority has a liability.
5. Where there is a risk to children on County Council owned property and land or where the claimed route would provide for a safer alternative route to a school, play area or other amenity for children.
6. Where there is a significant financial saving to the County Council (and therefore taxpayers) through the processing of an Order.
7. Where a new application is received that relies on evidence of a case already received or, if the new application forms part of or is adjoining to an existing claim, the new claim will be dealt with at the same time as the older application.
8. Where the route will significantly assist in achieving a Countryside and Rights of Way Improvement Plan Objective or Statement of Action.

The above numbered exception criteria do not cover every eventuality and it is recognised that in exceptional circumstances there may be other reasons why it would benefit the public for a case to be considered out of normal order. Officers will not prioritise any case under such circumstances and any appeal will only be considered by the Definitive Map & Statement of Public Rights of Way Sub-Committee.

Initially the priority of a case is set by Officers however there is a right of appeal for any affected persons whereby a decision is made by the Definitive Map & Statement of Public Rights of Way Sub-Committee.

Appendices A, B and C to this report outline the progress that has been made over since the inception of the revised Schedule of Priorities and 1st October 2012.

2. Conclusion

That the Rights of Way & Countryside Access Section has continued to make progress against casework backlogs.
