

**EXECUTIVE COUNCILLOR FOR ADULT CARE,
HEALTH AND CHILDREN'S SERVICES**

**LONG ACTING REVERSIBLE CONTRACEPTION AND
EMERGENCY HORMONAL CONTRACEPTION**

On 28 November 2018, the Adults and Community Wellbeing Scrutiny Committee supported the three recommendations to the Executive Councillor for Adult Care, Health and Children's Services on the re-procurement of community provision of Long Acting Reversible Contraception and Emergency Hormonal Contraception.

Prior to reaching this conclusion, the Committee has considered the following points:

- The service was mandated.
- The service costs compared well with the rates paid by other local authorities.
- Using the 'Light Touch Regime' for the procurement process made minimal difference to the overall costs of the procurement process.
- It was good practice to test the market for the provision of the service.
