

LINCOLNSHIRE HEALTH AND WELLBEING BOARD

Open Report on behalf of Martin Wilson, the Health and Wellbeing Board Advisor

Report to	Lincolnshire Health and Wellbeing Board
Date:	10 September 2013
Subject:	Joint Health and Wellbeing Strategy Sponsors

Summary:

The Board membership has changed and it is necessary to identify new sponsors for the Joint Health and Wellbeing Strategy and appropriate operating / delivery groups for the strategy themes.

Actions Required:

The core members of the Board need to agree the new sponsors to take forward the outcomes within the themes of the Joint Health and Wellbeing Strategy and also identify the operating/delivery groups to support the work of the strategy.

1. Background

The makeup of the Joint Health and Wellbeing Board (JHWB) has changed since it began its journey from an informal to a formal Board in April 2013. During the informal Board the JHWBs had sponsors for each of the five themes; some of those original members have now left the Board's membership. New members have now been identified; however, there are still not delivery or operating groups to support the work of the Board to deliver the outcomes of the Joint Health and Wellbeing Strategy (see appendix A).

This work is now important to show the public how the commitment of the Board is in place to deliver the expected outcomes within the Health and Wellbeing Strategy and deliver an improved Health and Wellbeing for people in Lincolnshire.

2. Conclusion

The new Board now need to review the sponsors for each theme to support the delivery of the Joint Health and Wellbeing Strategy and identify the appropriate operating or delivery group for the five core and the three cross cutting themes within the Joint Health and Wellbeing Strategy

3. Consultation
