Report to	Lincolnshire Health and Wellbeing Board
Date:	10 September 2013
Subject:	Joint Health and Wellbeing Board Statement of Intent

Summary:

It was discussed at the 'shadow' board meeting in March that the Board should have a statement of intent to explain what the Board was doing to improve Health and Wellbeing for the people of Lincolnshire.

Actions Required:

The core members of the Joint Health and Wellbeing Board to agree the 'Statement of Intent' for the Board.

1. Background

The Board discussed as part of its first formal meeting what was required to 'pull together' the intentions of the Board and the Joint Health and Wellbeing Strategy so partners and the public could understand what the Board was trying to achieve in Lincolnshire. After the June meeting of the Board the Health and Wellbeing Board advisor sent a draft statement to all members asking for comments. The draft statement of intent was:-

'Lincolnshire Health and Wellbeing Board is working together to help people live better for longer'

There was an excellent response from the board which can be distilled down into the following statement:-

'Lincolnshire Health and Wellbeing Board is taking the lead for better health for the people of our county.'

2. Conclusion

The core members of the Board agree to adopt the statement of intent.
