4 CHILDREN IN CARE AND CARE LEAVER STRATEGY

Consideration was given to a report by Andrew Morris, Corporate Parenting Manager, on the Children in Care and Care Leaver Strategy, which was being presented to the Executive for a decision on 1 November 2022.

It was confirmed that references to 'looked after children' had been changed to 'children in care', and that the strategy had been reviewed by the Corporate Parenting Panel and had been well socialised.

There were no additional comments from the Committee for the Executive's consideration.

RESOLVED:

That the Committee support the recommendation to the Executive as set out in the report.

5 BUILDING COMMUNITIES OF SPECIALIST PROVISION; TOGETHER IN LINCOLNSHIRE  
PROGRESS UPDATE

Consideration was given to a report by Eileen McMorrow, Programme Manager, Special Schools Strategy, on the implementation of the Building Communities of Specialist Provision; Together in Lincolnshire Strategy.

With reference to the report, officers gave an overview of completed and upcoming capital programme projects, and the following matters were highlighted:

- Inflationary pressures, particularly in the construction industry, were starting to reduce. However, budgets had been revised upwards to account for the overall changes in inflation.
- Induction level workforce development training had now been digitised and was fully operational. Tier one training had been developed and was in quality assurance review. Tier two content was in development.
- Providers were working closely with the University of Lincoln and Bishop Grosseteste University to promote and build the training programme.
- All special schools had now joined the existing contractual arrangements held by the Council with specialist equipment providers, which enabled them to make savings in expenditure by ordering directly through the Council's contractual arrangements.

In response to a question raised by the Committee, it was explained that an update on the medical offer of the strategy was to be presented at a subsequent meeting of the Committee, and that this aspect of the strategy was administrated by Lincolnshire Community Health Services.

RESOLVED:

1. That the Committee be satisfied with the progress made since October 2021.
2. That the Committee receive an update on Year Five of implementation at the meeting on 20 October 2023.
