Since the last report, four schools have been identified as requiring conversion to sponsored academy status due to having been judged as requiring improvement at two successive inspections. However, no sponsors have yet been appointed and there is currently no target date for conversion. Therefore, the projected situation after six months, currently remains the same.

2. Conclusion

The Schools' Forum is asked to note the contents of the report.

3. Consultation

a) Risks and Impact Analysis

The academy conversion process is fully understood and has been in place for a number of years. There are services funded by the number of maintained school pupils (e.g. de-delegation services). Future anticipated funding levels are considered through the annual detailed budget setting exercise.

The actual split between Local Authority maintained and academies has no financial risk to the Council from the Dedicated Schools Grant schools delegation budget perspective.

4. Background Papers

No background papers as defined in the Local Government Act 1972 were relied upon in the writing of this report.
