#### **Summary:**

This report provides the Committee with information on the core assurance activities currently scheduled for the work plan.

#### Recommendation(s):

To review and amend the Audit Committee's work plan ensuring it contains the assurance areas necessary to approve the Annual Governance Statement.

#### **Background**

1. The work plan, as attached at Appendix A, has been compiled based on the core assurance activities of the Committee as set out in its terms of reference and best practice.

#### **Training and Development Programme**

- 2. An important element of the Audit Committee's effectiveness is maintenance of the skills and awareness of what makes a committee effective. To support this a training programme is developed annual to enable committee members to remain up to date on key issues, wider learning and any developments that impact on Audit Committee and their delivery obligations.
- 3. Following discussion with the Chairman and Vice Chairman of the Audit Committee the following training and development programme is proposed in table 1.
- 4. It is proposed that items 1, 2 & 3 are held in one half day session on site to maximise the links between the three important subjects.
