School Engagement Project

Dear Sir/Madam

I am writing to inform you of the Schools Engagement Project that has been established and to ask for your assistance in completing a questionnaire in relation to your institution's requirements.

Statutory and Voluntary agencies currently work in partnership with schools and academies to deliver a range of preventative education programmes. Although individually successful they lack co-ordination.

This Project has a number of key priorities;

- To establish a co-ordinated strategy in the delivery of preventative education into Lincolnshire schools and academies.
- To educate young people so that they are skilled and competent at making positive decisions. Enabling/empowering them to make appropriate and well informed decisions in relation to the Children & Young People Strategic Partnership's (CYPSP) aspirations.
- To contribute to the development of prevention projects which enhance personal learning and are underpinned by best practice in safeguarding children and young people.
- To ensure Lincolnshire's young people have a voice, are heard and that we respond appropriately to them.

The Project Board is made up of senior representatives from the Schools, Police, LSCB, Fire and Rescue, Public Health, ASB Team, Children's Services, Youth Offending Service, Road Safety Partnership and Addaction. In completing this form you are enabling us to ensure that services meet the needs of educators in Lincolnshire. All information provided will only be used to inform this project and will not be utilised outside of this without your express permission. I would like to thank you in advance for the time taken to complete this questionnaire. I would appreciate it if I could have responses back by the **4th July 2014** and that these are sent through either by post or electronically to;
