| Osgodby Primary | Yes | | Yes | | |
| Little Gonerby Infants | Yes | | No | Governors and staff feel strongly that 8 full weeks in term 2 is not advantageous to the pupils, and that the autumn half term break should be moved forward by one week, eg 25th Oct - 1st Nov. This would make the two autumn terms more even. | |
| Cherry Willingham Primary | Yes | | Yes | | |
| Bourne Westfield Primary | No | Proposal - Term1: Start on 4/09/12 to 26/10/12. All the other dates as they are but term 6 ends on 19/07/13 instead of 23/07/13 | No | | |

| Gainsborough Nursery | Yes | | Yes | | |
| | | | | | Not sure about precise changes here. That is not to be harsh or unhelpful - it is just a few days tagged on the end of a summer term are harder to meaningfully fill than a few days earlier start in september |
| | | | | | Term 1 & 2 are uneven - Half term would be better week commencing 28th Oct 2013 |
| | | | | | Term 2/6 far too long. Term 3/5 rediculously too short. |
| | | | | Just a query over the reasoning behind having the october half term holiday a week earlier? Is it normally the last week in Oct. If it was a week later than usual, there would be a more equally balanced distribution of weeks in terms 1 & 2. | |
| | | | | October holiday is a week earlier than usual - This makes terms 1 & 2 unbalanced (an 8 week term 2, only just over 6 weeks for term 1) If there is no particular reason for this, a 7/7 balance would be better. | |

Why is term1 planned to be so short? A week shorter than usual. This creates a huge imbalance with term 2 (31 then 40). Ending Term 1 a week later, 24th October and returning on 4th November would be far preferable. The terms would be more equal.

Please move october half term to Monday 28/10/13 to Friday 1/11/13 so that we have a fairer split of terms 1 & 2

Why is there a day on Friday 14th so soon after Jan insets? Why not take a day off July term - Which is huge?

The 8 week half term in Nov is very long.

It would be better to have a 7 week term 1 and a 7 week term 2

We will use 3 & 4 Sept, 6 Jan, 14 Feb, Plus twilight.

| | | The Oct/Nov half term is too early - the Nov/Dec period of any year in school is very stressful and exhausting therefore it should be a shorter second half to the term | | I would suggest that in both years the oct/nov break should be moved to one week later. This particularly applies to 13/14 which has a 40 day term 2!! |

| | | 23 days in a term does seem very short where we have some terms of 8 weeks. Is there a need to include the last bank holiday in may in half term or can this be within term 5 to create more equal summer term. | | 2 weeks at christmas (especially) and two at easter is a good thing for the children and works well. |
| Deeping St James Primary | No | | No | |

APPENDIX C

| | | The LA are clearly trying to dictate when training dates should be. This is not helpful to school when booking training providers, as well the other school want training on the same days. | | |
