1 July 2011

Dear Parent/Carer/Consultee

Following the public meeting and further advice from the DfE, a revised consultation document has been issued. The main change clarifies that this is a two stage process. The aim would be to open as a single, co-educational school on 2 November 2011 with a view to converting to an academy status on 1 January 2012. This change gives you the opportunity to give your views on both changes more easily.

The revised document asks for your views on co-education. You will soon be asked separately for your views on academy status. Any comments you have already made will still be considered at the appropriate stage.

The revised document is available on both schools' websites and at the Lincolnshire County Council website <http://www.lincolnshire.gov.uk> (search: Gleed consultations).

You may offer feedback even if you have already submitted.

Hard copies are available on request.

Yours sincerely
