**1.1 Description of Object/Objects**

LCNLL : 1978/912.1 – *'The University of Adelaide at Bedford Park Site Planning Report'* by Gordon Stephenson and G.J. Harrison, 1964 - 58 numbered pages

LCNLL : 1978/912.2 – *'The University of Adelaide at Bedford Park Site Planning Report'* by Gordon Stephenson and G.J. Harrison, 1964 - 58 numbered pages

Two identical books published in 1964 detailing the plans for The University of Adelaide at Bedford Park. The completed campus opened in 1966 as Flinders University, a completely separate institution from The University of Adelaide.

Both books are untraced finds from stores and are presumably acquired during research into Matthew Flinders or Lincolnshire connections with Australia. One book has a crossed out stamp from the 'Agent for South Australia, South Australia House, The Strand, London'

Both books are in good condition with minor scuffs to covers and a small pen inscription on one.

Both are currently stored in the Small Stores of the Museum of Lincolnshire Life.

## 1.2 Reason For Disposal

Under the LCC Acquisition and Disposal Policy (section 6.1.2) justifiable reasons for disposal include:

- Items that fall outside Lincolnshire County Council's Collections Development Strategy
- Un-contextualised or un-provenanced items
- Under-used items

It is likely that these 2 books were acquired in the early 1970s during exhibition research into Matthew Flinders or Lincolnshire connections with Australia. These 2 books fall outside the Collections Development Strategy (Sections 4 & 5) in terms of material we wish to have in our collections & should never have been accessioned.

There is no record of these books being used since they were accessioned in 1978.

## 1.3 Suggested Means of Disposal & Reason

It is unlikely that we will identify accredited museums with suitable collections that we can approach directly. Therefore a notice should be placed on the disposal noticeboard on the Museums Association website and/or in the Museums Journal as a free gift to an Accredited Museum before disposal to other interested individuals or organisations is considered as per the LCC Acquisition & Disposal Policy (Sections 6.17 to 6.2).

## 1.4 Impact Statement

### 1.4.1 Potential Risks

- Risk of negative impact on LCC if it is thought by the local community that LCC cannot care for its collections.

### 1.4.2 Potential Benefits

- Storage: by disposing of these 2 books, a small amount of space will be created for the collecting of new material to continue and be cared for in line with the Accreditation Standard and the LCC Acquisition and Disposal Policy (Section 5.1.13).
- Use of resources: if the disposal goes ahead this will allow staff time and financial resources to be used on other parts of the collection that are used more fully for research and display.
- Significance of the Collection: by removing items from our collection that do not serve the people of Lincolnshire we can improve the significance of what remains in line with our core principles outlined in the LCC Acquisition and Disposal Policy (Sections 4.1.1 to 4.1.12) & the Collections Development Strategy (Section 5).

## 1.5 Other Considerations

Time necessary for creating and posting advertisement for *Museums Journal* and/or MA website and then waiting for offers before disposal could take place.

## 1.6 Recommendation

It is proposed that the Disposal Panel recommend disposal of these 2 books, freeing up resources for other collection objects.

## **SECTION 2**

(to be completed by Disposal Panel)

### **2.1 Panel Decision**

Fully agree with Disposal Report Section 1 recommendation

Agree with Disposal Report Section 1 recommendation, with additional requirements/  
comment (section 2.2)

Disagree with Disposal Report recommendation for reasons given below (section 2.2)

### **2.2 Additional Comments**

*Caveats/questions regarding disposal; reasons for disagreeing with recommendation;  
raise points requiring further clarification, for inclusion in Exec. Cllr. Report or resolution  
prior to submitting this report..*

***If proposal ratified then will offer back to University of Adelaide.***
