

APPENDIX D

SUMMARY OF CONSULTATION WITH PUPILS VIA SCHOOL COUNCIL AND ASSEMBLY

School Expansion- Pupil Voice Assembly 29.1.13

I explained why we had closed the Nursery earlier in the year.

The children knew the names of lots of the other local Nursery providers and it was clear they understood why the school had made this decision.

I went on to explain that although there were plenty of local Nursery providers there weren't enough Reception places in the area and that we were thinking of making our school a two Reception class school.

We counted up the current number of classes in school-12, then counted up how many classes we would need if we had two classes in each year group-14.

We talked about the location of these two additional classes:

- Harrison House
- Field
- Hall
- Second floor

I suggested the old Nursery then asked the children what they thought about the idea:

- Where would Mother and Tots go?
- Where would we eat lunch?
- Where will Mrs Walker (Nurture Group) teach?
- What about Mrs Sanchez (SENCO)?
- What about the chickens?

The children seemed to think that it would be okay as long as a place could be found for the people (and chickens!) that currently use the Nursery. In fact they started to warm to the idea:

- Could we have a café?
- Could we have a music room?
- What about an art room?
- A library?
- A sweet factory!!!!
