--------------------------	-----	--------------------------	----	--------------------------	----------

Comments:

Thank you for taking the time to let us have your views. We do not intend to acknowledge individual responses; although all information will be collated, recorded and reported back to the Children's Trust Board..

As your views are valuable to the ongoing management and development of Lincolnshire Children's Trusts arrangements, would you prefer that future consultation (including the CYPP) be conducted using the same or a similar format?

<input type="checkbox"/> Yes	<input type="checkbox"/> No
------------------------------	-----------------------------

- Future consultation will take place at a stage when there is scope to influence the plan and/or outcome.
- Consultations will normally last between at least 6 to 12 weeks with consideration given to longer timescales where feasible and sensible to do so (for example the CYPP).
- Consultation documents will be clear about the consultation process, what is being proposed, the scope to influence and benefits of the proposals (including financial where possible).
- Consultation exercises will be designed to be accessible to, and clearly targeted at, those people the exercise is intended to reach across the CYPSP.
- Keeping the burden of consultation to a minimum is essential if consultations are to be effective and if consultees' buy-in to the process is to be obtained.
- Consultation responses will be analysed and feedback will be provided to the Children's Trust Board.
- The Children's Trust Board will share what they have learned from the consultation experience with the findings/results and a summary being posted on the Lincolnshirechildren.net web site

If you have any ideas, comments or suggestions on how the Children's Trust Board consultation exercises should be conducted in future, please contact Clive Yates: -
