The work programme for the Committee's meetings over the next few months is attached at Appendix A to this report, which includes a list of items to be programmed.

Set out below are the definitions used to describe the types of scrutiny, relating to the proposed items in the work programme:

Budget Scrutiny - The Committee is scrutinising the previous year's budget, the current year's budget or proposals for the future year's budget.

Policy Development - The Committee is involved in the development of policy, usually at an early stage, where a range of options are being considered.

Consultation - The Committee is responding to (or making arrangements to respond to) a consultation, either formally or informally. This includes pre-consultation engagement.

Status Report - The Committee is considering a topic for the first time where a specific issue has been raised or members wish to gain a greater understanding.

Update Report - The Committee is scrutinising an item following earlier consideration.
