The work programme for the Committee's meetings over the next few months is attached at Appendix A to this report, which includes a list of items to be programmed.

Set out below are the definitions used to describe the types of scrutiny, relating to the proposed items in the work programme:

Budget Scrutiny - The Committee is scrutinising the previous year's budget, the current year's budget or proposals for the future year's budget.

Pre-Decision Scrutiny - The Committee is scrutinising a proposal, prior to a decision on the proposal by the Executive, the Executive Councillor or a senior officer.

Performance Scrutiny - The Committee is scrutinising periodic performance, issue specific performance or external inspection reports.

Policy Development - The Committee is involved in the development of policy, usually at an early stage, where a range of options are being considered.

Consultation - The Committee is responding to (or making arrangements to respond to) a consultation, either formally or informally. This includes pre-consultation engagement.

Status Report - The Committee is considering a topic for the first time where a specific issue has been raised or members wish to gain a greater understanding.

Update Report - The Committee is scrutinising an item following earlier consideration.

Scrutiny Review Activity - This includes discussion on possible scrutiny review items; finalising the scoping for the review; monitoring or interim reports; approval of the final report; and the response to the report.

In considering items for inclusion in the Committee's work programme, Members of the Committee are advised that it is not the Committee's role to investigate individual complaints or each matter of local concern.
