

## Leadership

Individual organisations will have their own project management and strategic boards, but it is important that Lincolnshire activity is coordinated and there is a clear picture of what action is taking place where.

Lincolnshire County Council has established an Environment Programme Board, which oversees the strategic direction for Lincolnshire County Council activity and is accountable for reporting on the organisation's carbon emissions. The sustainability team takes on the coordinating and reporting role at Lincolnshire County Council and will advise services about how they can respond to climate change impacts and bring their service operations to zero-carbon emissions. Key parts of the Lincolnshire County Council organisational scope of the Green Masterplan will be led by separate delivery groups, these will include, but are not limited to; **(Lincolnshire Waste Partnership – not internal....)**, transformation programme board, corporate property services, IMT and HR.

At a Lincolnshire local authority level, with all district councils and the county council coordinating effort, the Council Leaders and Chief Executives Group will provide the strategic overview. They have supported the recommendation to re-establish a countywide sustainability officers group. This group will bring together the range of ambition and action happening across the county and find ways to work in collaboration to share workloads and financial contributions as much as possible. There are already many established delivery groups that have membership from variety of public sector partners, these continue to be a crucial way to deliver the ambitions of the Green Masterplan, including; Lincolnshire Waste Partnership, Greater Lincolnshire Nature Partnership, Central Lincolnshire Planning Group, Greater Lincolnshire Local Enterprise Partnership and Flood Risk and Water Management Partnership.
