

## Open Report on behalf of Andy Gutherson, Executive Director - Place

Report to:	<b>Definitive Map and Statement of Public rights of Way Sub-Committee</b>
Date:	<b>9 December 2020</b>
Subject:	<b>Appeal against Priority given to DMMO Case No 410, Mumby – Addition of Claimed Public Footpath from A52, Mill Lane southwards then East to A52</b>

**Summary:** An appeal against the priority given to DMMO case no. 410 – Mumby, claimed public footpath from Mill Lane southwards then east to A52

### **Recommendation(s):**

That consideration is given to the appeal to upgrade the priority of the DMMO case.

**Alternatives Considered: N/A**

### **Reasons for Recommendation:**

Request for the reprioritisation of DMMO cases are considered by the Definitive Map and Statement of Public rights of Way Sub-Committee

## **1. Background**

As Surveying Authority the County Council has a statutory duty under section 53 (2) (b) of the Wildlife and Countryside Act 1981 to keep under continuous review the Definitive Rights of Way Map and Statement for Lincolnshire and to make orders to take account of events requiring the map to be modified. This is carried out by the processing of Definitive Map Modification Orders (DMMOs) which are either applied for by the public or initiated by the Authority on the discovery of evidence.

Highways & Traffic Guidance Note HAT33/4/18 sets out that such cases will be dealt with in order of receipt/initiation unless one or more of the eight "exception criteria" apply and recognises that other exceptional criteria may apply.

The criteria are as follows:

1. Where there is sustained aggression, hostility and ill feeling within a community that is causing severe disruption to the life of that community, and that in processing the case early there is a strong likelihood that this will reduce.
2. Where there is a significant threat to the route, likely to cause a permanent obstruction (e.g. a building, but not, for example, a locked gate or residential fencing).
3. Where there is, or has been, a finding of maladministration by the Local Government Ombudsman on a particular case and that in processing the case the County Council will discharge its duty to the Ombudsman's decision.
4. Where legal proceedings against the County Council are instigated or are likely to be instigated and it is possible that the Authority has a liability.
5. Where there is a risk to children on County Council owned property and land or where the claimed route would provide for a safer alternative route to a school, play area or other amenity for children.
6. Where there is a significant financial saving to the County Council (and therefore taxpayers) through the processing of an Order.
7. Where a new application is received that relies on evidence of a case already received or, if the new application forms part of or is adjoining to an existing claim, the new claim will be dealt with at the same time as the older application.
8. Where the route will significantly assist in achieving a Countryside and Rights of Way Improvement Plan Objective or Statement of Action.

NB The above numbered exception criteria do not cover every eventuality and it is recognised that in exceptional circumstances there may be other reasons why it would benefit the public for a case to be considered out of normal order.

An appeal has been made against the current priority of DMMO 410 being an application made by Mumby Parish Council to add a public footpath in Mumby

from the A52 southwards from Mill Lane then eastwards to the A52. The appeal requires consideration by the sub-committee.

Appendix B to this report provides a synopsis of the case and the appeal.

This report was written by the Senior Definitive Map Officer, Karen Barke who will provide a verbal report at the meeting.

The report cannot be viewed in person due to the working restrictions imposed as result of Covid-19 but can be made available by email or post by contacting Karen Barke whose contact details are:

Telephone number: 07760 803969

Email: [karen.barke@lincolnshire.gov.uk](mailto:karen.barke@lincolnshire.gov.uk).

## **2. Legal Issues:**

### Equality

Under section 149 of the Equality Act 2010, the Council must, in the exercise of its functions, have due regard to the need to:

Eliminate discrimination, harassment, victimisation and any other conduct that is prohibited by or under the Act.

Advance equality of opportunity between persons who share a relevant protected characteristic and persons who do not share it.

Foster good relations between persons who share a relevant protected characteristic and persons who do not share it.

The relevant protected characteristics are age; disability; gender reassignment; pregnancy and maternity; race; religion or belief; sex; and sexual orientation.

Having due regard to the need to advance equality of opportunity involves having due regard, in particular, to the need to:

- Remove or minimise disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic.
- Take steps to meet the needs of persons who share a relevant protected characteristic that are different from the needs of persons who do not share it.
- Encourage persons who share a relevant protected characteristic to participate in public life or in any other activity in which participation by such persons is disproportionately low.

The steps involved in meeting the needs of disabled persons that are different from the needs of persons who are not disabled include, in particular, steps to take account of disabled persons' disabilities.

Having due regard to the need to foster good relations between persons who share a relevant protected characteristic and persons who do not share it involves having due regard, in particular, to the need to tackle prejudice, and promote understanding.

Compliance with the duties in section 149 may involve treating some persons more favourably than others.

The duty cannot be delegated and must be discharged by the decision-maker. To discharge the statutory duty the decision-maker must analyse all the relevant material with the specific statutory obligations in mind. If a risk of adverse impact is identified consideration must be given to measures to avoid that impact as part of the decision making process.

*No positive or adverse impact on the above groups or persons have been identified by or brought to the attention of the author of this report.*

#### Joint Strategic Needs Analysis (JSNA and the Joint Health and Wellbeing Strategy (JHWS)

The Council must have regard to the Joint Strategic Needs Assessment (JSNA) and the Joint Health & Well Being Strategy (JHWS) in coming to a decision.

*Public rights of way can contribute to the physical and mental well-being of users by offering opportunities for exercise and enjoyment and can potentially provide safer routes for travel at no cost to the participant. The claimed route may contribute to this by providing an alternative inter-village route rather than walking alongside the A52.*

#### Crime and Disorder

Under section 17 of the Crime and Disorder Act 1998, the Council must exercise its various functions with due regard to the likely effect of the exercise of those functions on, and the need to do all that it reasonably can to prevent crime and disorder in its area (including anti-social and other behaviour adversely affecting the local environment), the misuse of drugs, alcohol and other substances in its area and re-offending in its area.

Section 53 of the Wildlife and Countryside Act does not enable crime and disorder to be taken into account. However, section 17 of the Crime and disorder is taken into account by the County Council through the provision of Criteria No 1 as one of the criteria whereby an application for a modification order can be prioritised.

### **3. Conclusion**

Officers consider that the appeal does not meet the agreed policy criteria and that no other extenuating circumstances have been identified which would suggest that

the priority of the application be raised. The appeal requires consideration by the sub-committee.

**4. Legal Comments:**

There are no legal comments associated with this report.

**5. Resource Comments:**

There are no financial implications associated with this report.

**6. Consultation**

**a) Has Local Member Been Consulted?**

The local member was advised of the applications receipt on 20<sup>th</sup> January 2020

**b) Has Executive Councillor Been Consulted?**

n/a

**c) Scrutiny Comments**

n/a

**d) Risks and Impact Analysis**

No adverse impacts have been identified

**7. Appendices**

These are listed below and included in this report.	
Appendix A	Case Synopsis – Mumby claimed Public Footpath, DMMO Case No.410
Appendix B	Letter of Appeal by Mumby Parish Council
Appendix C	Priority List of Cases

**8. Background papers**

The following background papers as defined in the Local Government Act 1972 were relied upon in the writing of this report.

These are listed below

Highways & Traffic Guidance Note 33 – Prioritisation of Definitive Map Modification Orders – HAT/33/4/18
--

Document title	Due to working restrictions imposed as result of Covid-19 the Guidance Note cannot be viewed in person but can be made available by email or post by contacting Karen Barke whose contact details are provided above.
----------------	---

**Wildlife & Countryside Act 1981, Section 53  
Definitive Map Modification Order**

**MUMBY – CLAIMED PUBLIC FOOTPATH FROM A52 SOUTHWARDS THEN EASTWARDS TO A52.**

**1. Application**

A valid application under the Wildlife & Countryside Act 1981, section 53(5) from Jean P Bradley (Chairman) on behalf of Mumby Parish Council has been received by Lincolnshire County Council and is dated 7<sup>th</sup> January 2020. Figures 1, and 2 are copies of the completed application form, and application plan marked to show the claimed footpath. The plan shows the claimed route coloured pink. It can be noted that Public Footpath numbers 64 and 67 are shown on the plan. They terminate at the claimed route and do not continue to the public highway (A52) to which both ends of the claimed route join.

**2. Evidence in support of the application**

The following documents have been submitted in support of the application :

A map showing access by the Red Lion Public house  
Names of the original purchasers of the Old vicarage  
A letter from Jonathan Stockdale (the County Council's Senior Countryside Officer for the area.)  
A letter from Batemans's regarding the footpath  
An old document dated 1932  
An old document dated 1932 regarding the sale of part of the vicarage land.  
10 public user evidence forms

As the application is not currently being processed a full assessment of these documents has not been carried out.

**3. The Definitive Map and Statement**

Figure 3 is a copy extract from the Definitive Map for the former Skegness Urban District and Spilsby Rural District Councils. The claimed route is not recorded. Nor is it recorded on the Statement which accompanies the Definitive Map.

**4. Photographs of the Claimed Route**

A site visit has not been carried out as the claimed route is known to be obstructed and overgrown. Figures 4 - 8 provide images (extracts from Google Maps) of the northern and southern ends of the route and an aerial view of the site. It can be noted that the claimed route is not accurately plotted by Google on the images of the site i.e. it does not accord with Ordnance Survey base mapping, which can be viewed in figure 2.

## 5. Current Priority & Original Officer Assessment

Following receipt of the application officer opinion was that none of the exception criteria applied to the application. The case is currently ordered at number 150 of 156 outstanding cases, of which the first 31 are being actively progressed.

## 6. The Appeal

**6.1** The appeal has been made by Cllr. Jean Bradley, Chair of Mumby Parish Council. The Parish Council wish to pursue a change of their application's priority and are relying on Criteria 1 and 2 of the prioritisation policy

**6.2** The letter of appeal (see Appendix B) was received by the County Council in January 2020. Regrettably it was misfiled resulting in a response not being provided until further contact was made by the Parish Council in November 2020. The author of this report then telephoned Cllr. Bradley on 18<sup>th</sup> November 2020 to apologise for the fact that the County Council had not responded to the appeal. During the call, Cllr Bradley provided further information as background to the appeal, in addition to the information provided in their letter. Both the letter and the additional verbal information are considered as follows:

**6.3** The Parish Council have appealed under criteria numbers 1 and 2 which allow applications to be processed than in date order of receipt:

*1) Where there is sustained aggression, hostility and ill feeling within a community that is causing severe disruption to the life of that community, and that in processing the case early there is a strong likelihood that this will reduce.*

*2) Where there is a significant threat to the route, likely to cause a permanent obstruction (e.g., a building, but not, for example, a locked gate or residential fencing).*

The appeal letter does not differentiate between the above two categories in describing the issues that are having an effect on public access over the claimed route.

**6.4** The letter describes how the route provides access to allotments and also provides access to the two public footpaths that terminate at the claimed routes mid-section. The reasons for the footpaths terminating at the claimed route are not known to the parish Council. It is noted that the northern section of the claimed route is depicted on the Ordnance Survey base

mapping used for the Definitive Map as a path forming a continuation of public footpath No. 64 which is depicted on the base mapping in the same way.

- 6.5** The telephone call revealed that the north – south section of the claimed route is owned by the Church who sold off neighbouring land for development.
- 6.6** The letter describes how this section is obstructed by several vehicles which have been parked by the occupier of an adjacent property, 'The Glebe'. The property is not known as it is not named on Ordnance Survey Mapping. Both The owner of the property and the occupier have declined the Parish Council's request that the vehicles be removed.
- 6.7** Several of the properties in 'The Parklands' development adjacent to this section of the route have encroached upon it by extending their garden fencing, including one property where a brick structure has partially obstructed the route.
- 6.8** This section is not available from its northern end as it has become overgrown but the Parish Council has resolved that contactors will be used to clear the path in the spring of 2021 irrespective of adjacent house holders objections to a previous attempt to clear the path. This decision has been taken as allotment holders are not currently able to access the allotments in a vehicle, which makes it difficult for them to take heavier items to their plots.
- 6.9** Whilst the Parish Council would like the claimed footpath's northern end to be passable by vehicle, which would presumably be achieved by the County Council taking enforcement action to make the route fully available to its recorded width if it is added to the Definitive Map, no public vehicular right of way could be recorded on the Definitive Map. This is because Part 6, section 67, of the Natural Environment and Rural Communities Act, 2006 extinguished un-recorded public vehicular rights (subject to certain exceptions which do not apply in this case). Figure 9 provides a list of the exceptions described in section 67 sub-section 2 of the Act. To enable authorised vehicular use, the Parish Council would need to either prove the existence of private rights or obtain the consent of the landowner. Modification of the Definite Map cannot be used to enable authorised vehicular use of the claimed route therefore the appeal process cannot help the Parish Council in this regard.

**6.10** Cllr Bradley has verbally explained that the most appropriate route to the allotments is from the southern end as that is where most of the allotment holders live.

**6.11** The Red Lion public house at the southern end is owned by Bateman's brewery and occupied by a tenant who is allowing an alternative to the claimed route through the pub car park and grassed area as the route is obstructed by a residential caravan which is lived in by a relative. ELDC granted planning permission for the caravan. This appears to have been granted prior to the Parish Council making the application for the claimed route as there is no record of the County Council's Countryside Services having been consulted on the planning application. The position of the caravan can be seen in the aerial photograph included as Figure 8.

The Parish Council are concerned that consent for the alternative route could be withdrawn. They have contacted Bateman's who have said that it is for the tenant to decide on this matter. The Parish Council would, not object to a diversion of the claimed route to avoid the obstructions.

As the caravan is an occupied dwelling the County Council would not be able to enforce its removal, should the Parish Council's application result in the claimed route being recorded on the definitive Map but in that event, Countryside Services would be sympathetic to a proposal to divert the path to an alternative route through the pub grounds.

**6.12** Whilst Countryside Services understands the concerns of the Parish Council, an alternative to the claimed route's southern end is in use, and as the Parish Council plans to clear the northern end of vegetation in the spring, delay in processing their application will disadvantage neither users of the recorded footpaths nor the allotment holders (as described above it is not possible, in this case, to record public vehicular rights on the definitive map and the parish).

**6.13 Conclusion**

Concerning prioritisation policy criteria 1, although the adjacent householder has refused to remove the vehicles that are blocking full access over the claimed route, the Parish Council has not demonstrated that '*there is sustained aggression, hostility and ill feeling within the community that is causing severe disruption to the life of that community....*' Thus there are currently no implications that the County Council would be in breach of its obligations in respect of section 17 of the Crime and Disorder Act 1998 by a delay in processing the Parish Council's application.

Concerning prioritisation policy criteria 2, for cases '*where there is a significant threat to the route, likely to cause a permanent obstruction (e.g., a building, but not, for example, a locked gate or residential*

*fencing)*' the claimed route is already obstructed by the residential caravan therefore this criteria does not apply.

The County Council is unlikely to require the caravan's removal whilst it is occupied as a dwelling. If public rights are proved to exist over the claimed route and the caravan remains occupied, the County Council would seek to divert the claimed route to either the alternative route already provided or to another alignment if that proved more appropriate.

**IMPORTANT: PLEASE READ**  
 Legislation requires the County Council to keep a register of Definitive Map Modification Order ("DMMO") applications, and to make this available for inspection by the public on its website and at its offices. For each application the register must contain, amongst other details, a copy of the Application Form and details of the Applicant's name and address. The County Council will redact the signature of the Applicant on all DMMO documents published on its website. However, should the Applicant believe that the inclusion or retention of their name and address on the register would, or would be likely to, cause substantial unwarranted damage or distress to the Applicant or to another person, and has satisfied the Council that this is the case, the Council will exclude (or remove) their name and address from any documents contained, or to be contained, on the register.

**PERSONAL DATA**  
 Please refer to the Place Directorate's Privacy Notice (available at [www.lincolnshire.gov.uk/privacy-notice/privacy-notice-environment-and-economy/132503.article](http://www.lincolnshire.gov.uk/privacy-notice/privacy-notice-environment-and-economy/132503.article)) for information on how the County Council processes your personal data. If you need this information in an alternative format, please contact the section on 01522 782070 or [countryside\\_access@lincolnshire.gov.uk](mailto:countryside_access@lincolnshire.gov.uk).

Figure 9 - NERC Act 2006 List of Exceptions in Subsection 67(2) to the Extinguishment of Unrecorded Public Vehicular Rights

*Subsection 67(2)(a)* – excepts ways that have been lawfully used more by motor vehicles than by other users, e.g. walkers, cyclists, horse riders and horse-drawn vehicles, in the five years preceding commencement. The intention here is to except highways that are part of the ‘ordinary roads network’.

*Subsection 67(2)(b)* – excepts ways that are both recorded on the “list of streets” as being maintainable at public expense and are not recorded on the definitive map and statement as rights of way. This is to exempt roads that do not have clear motor vehicular rights by virtue of official classification but are generally regarded as being part of the ‘ordinary roads network’.

23. *Subsection 67(2)(c)* – excepts ways that have been expressly created or constructed for motor vehicles

24. *Subsection 67(2)(d)* – excepts ways that have been created by the construction of a road intended to be used by mechanically propelled vehicles.

25. *Subsection 67(2)(e)* –excepts from extinguishment ways that had been in long use by mechanically propelled vehicles before 1930, when it first became an offence to drive ‘off-road’.

Executive Director for Place  
F.A.O. Senior Definitive Map Officer -  
Countryside Services  
Lancaster House  
36 Orchard Street  
Lincoln  
LN1 1XX

F.A.O. Mr Chris. Miller

Dear Sir

Re Your Reference: - Mumby/DMMO/TJ

On behalf of Mumby Parish Council I wish to appeal the priority ranking of 154 given to our footpath application on the grounds of criteria I and II as shown in the paperwork which I sent to you.

These are the routes to the village allotments as well as exit routes for the public footpaths marked on your map.

We have no idea why these routes were not included on your map, perhaps the then Parish Council felt that they were too obvious to mention as they were the accesses to the village allotments.

Criteria I & II

The track to the north is being blocked by the resident who is living in "The Old Glebe" by up to 4 vehicles, which he advertises for sale. This track is not in his ownership, but there is a right of access into the glebe property.

He and the property owner have been asked in writing to remove the vehicles which are obstructing the track, the neighbour on the opposite side of the track is demanding that the PC "DO" something about it, but, until this track is recognised as a footpath we seem to have no power to do so.

The PC also needs to clear the track for easier access to the village allotments, but it is constantly blocked.

This track has been allowed to become overgrown in recent years – the allotment holders using the separate allowed access through the Red Lion yard. Some of the adjacent residents in parklands have extended their boundaries into the track and one has even built a brick structure which slightly encroaches into the track.

Appendix B –Appeal Letter - Mumby – Claimed Public Footpath from A52 southwards then eastwards to A52

The PC urgently needs to have this stopped.

The PC has been awarded a grant through Triton Knoll to clear this track and bring it back into its rightful use.

Criteria I & ii

The footpath to the east, which exits between the Red Lion and a brick building onto the A52 opposite the church

Batemans, the public house owners deny this is a public footpath despite much evidence to the contrary, they are happy for the allotment holders to cross the grassed area through the pub yard to access the village allotments, but only by verbal permission of the public house tenant.

Recently the tenant has applied for and been granted permission to place a mobile home behind the pub blocking the historic footpath. The mobile home has been fenced round and a gate has been erected to close the foot path between the pub and brick building to the north.

ELDC gave permission despite parish council protests; presumably as there is no marked footpath on your map.

The PC feels that a sensible compromise here would be if the footpath on exiting the allotments could cross the grassed area of the Red Lion field directly through the pub yard onto the A52 opposite the church approximately 30m south of the original exit.

The PC has no wish to alienate the Red Lion tenants, this is a much needed amenity for the village, but we must not lose our right of way. We also fear that more development in this grassed area may be requested, so there is a great sense of urgency to have this matter settled

We hope we have interpreted the details of the criteria's listed correctly and that the application can be processed as matter of urgency.

We look forward to hearing from you soon.

Yours Sincerely,

Jean Bradley  
Chairman  
Mumby Parish Council
