

## **ENVIRONMENT AND ECONOMY SCRUTINY COMMITTEE**

**16 FEBRUARY 2021**

---

### **STATEMENT ON TATTERSHALL HOUSEHOLD WASTE RECYCLING CENTRE**

On 16 February 2021, the Environment and Economy Scrutiny Committee considered the proposals for the Tattershall Waste Recycling Centre and agreed to support the recommendations to the Executive Councillor for Commercial and Environmental Management.

The Committee made the following comments on the proposal:-

- The access road to the site required some maintenance and this matter would be passed to the Highways Department for consideration.
- If the proposal was not approved it was thought that there would possibly be an increase in 'fly-tipping' in the area.
- Designs of recycling facilities in other local authority areas had been reviewed as part of the project.

The Committee also welcomed the timetable for the implementation of the scheme.
