

Lincolnshire's Youth Offer

Helping young people achieve their potential

Partnership

Lincolnshire County Council will work with partners to provide the best possible opportunities for young people. More importantly we will work in partnership with young people in order to provide relevant and effective services.

Guided by Principles

- The needs and aspirations of young people are at the heart of the Youth Offer
- Young people should be involved in planning, design and delivery
- Parents, carers and the community should be engaged in supporting young people
- Young people should be fully aware of the opportunities available to them
- The Youth Offer should be flexible to meet the changing needs of young people
- The Youth Offer is a partnership between the public, private and voluntary sectors with full integration of planning, commissioning and delivery of services
- The Youth offer recognises transition points in the lives of young people and includes services to help young people make those transitions successfully.

Seven Localities

The new approach recognises the diversity of Lincolnshire and responds through a locality-based Youth Offer. Young people, their families and the community will experience the Youth Offer as a seamless service, with tailored support for individuals and families.

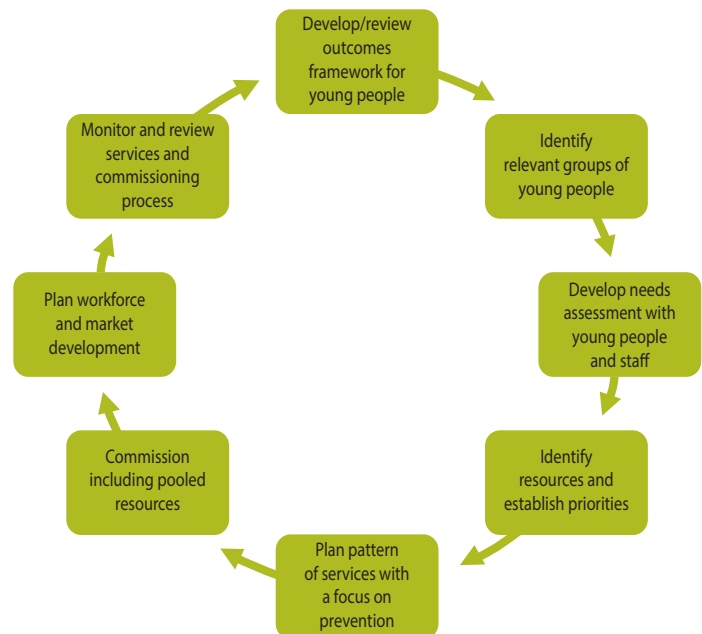

Outcome focused

The Youth Offer will focus on delivering long-term sustainable outcomes for young people which may include:

- Living in a supportive family and community
- Having a healthy and active lifestyle
- Being happy and emotionally resilient
- Achieving in education
- Experiencing a good adolescence
- Making a positive contribution
- Being economically active

Commissioning

There will be a clear and transparent process for commissioning services in Lincolnshire. Young people will be key partners in delivering the commissioning cycle.
