

Spalding GP Surgery Press Release

Patients at a GP surgery in Spalding are being informed they will be automatically registered at an alternative GP surgery as early as October this year as part of plans to transform services in the area.

Spalding GP Surgery based at the Johnson Community Hospital in the town provide primary care medical services to over 3000 patients.

Since 2018, services at Spalding GP Surgery have been provided by Lincolnshire Community Health Services NHS Trust (LCHS). The contract that is currently in place with LCHS ends on the 30 September 2022.

LCHS have decided not to extend their contract, however, they have agreed to continue providing services at Spalding GP Surgery until an alternative service is in place.

This means that when the Expression of Interest process has been completed, patients registered at Spalding GP Surgery will be automatically registered at an alternative GP surgery.

In a letter sent to patients, Sarah-Jane Mills, Director of Primary Care, Communities and Social Value at the ICB reassured patients that during this process, they should continue to access services at Spalding GP Surgery as normal and encourages patients to share their views about what is important to them when accessing local primary care medical services.

To have their say, [patients can complete an online survey](#) (or collect a paper copy from the surgery).

Patients are also being invited to attend one of three drop-in events where they can talk to a member of the NHS team about the process.
