Our reports are prepared in the context of the 'Statement of responsibilities of auditors and audited bodies' and the 'Appointing Person Terms of Appointment' issued by Public Sector Audit Appointments Limited. Reports and letters prepared by appointed auditors and addressed to the Pension Fund are prepared for the sole use of the Pension Fund and we take no responsibility to any member or officer in their individual capacity or to any third party. Mazars LLP is the UK firm of Mazars, an international advisory and accountancy group. Mazars LLP is registered by the Institute of Chartered Accountants in England and Wales.

Section 01:

Executive summary

1. Executive summary

Principal conclusions and significant findings

The detailed scope of our work as your appointed auditor for 2021/22 is set out in the National Audit Office's (NAO) Code of Audit Practice. Our responsibilities and powers are derived from the Local Audit and Accountability Act 2014 and as outlined in our Audit Strategy Memorandum, our audit has been conducted in accordance with International Standards on Auditing (UK) and means we focus on audit risks that we have assessed as resulting in a higher risk of material misstatement.

In section 4 of this report, we have set out our conclusions and significant findings from our audit work to date. This section includes our conclusions so far on the audit risks and areas of management judgement in our Audit Strategy Memorandum, which include:

Management override of controls; and

Valuation of investments within level 3 of the fair value hierarchy.

Based on the audit work completed to date there are no identified significant control deficiencies and no unadjusted misstatements envisaged that we are required to report to the Audit Committee.

Status and audit opinion

To-date we have completed a substantial proportion of our fieldwork on the financial statements for the year ended 31 March 2022. At this present time, we envisage giving our opinion in November 2022 in line with the proposed timeframe for issuing our audit report on Lincolnshire County Council's financial statements.

At the time of preparing this report, there are some matters outstanding as outlined in section 2. We will provide an update to you in relation to the matters outstanding through our Audit Completion Report. Subject to the satisfactory conclusion of the remaining audit work, we have the following conclusions:

Audit opinion

We anticipate issuing an unqualified opinion, without modification, on the financial statements.

Consistency report

We anticipate concluding that the Pension Fund financial statements within the Pension Fund's Annual Report are consistent with the Pension Fund financial statements within the Statement of Accounts of Lincolnshire County Council.

Wider powers

The 2014 Act requires us to give an elector, or any representative of the elector, the opportunity to question us about the accounting records of the Fund and to consider any objection made to the accounts. No objections or questions from local electors have been received.

COVID-19 impacts

We have worked remotely in relation to this audit. Whilst auditing on a remote basis can be challenging, we have been able to work in liaison with the finance team to deliver the audit and wish to thank them for their support.

Section 02:

Status of the audit

Page 92

2. Status of the audit

Our work is progressing well and there are currently no matters of which we are aware that would require modification of our audit opinion, subject to the outstanding matters detailed below.

Audit area	Status	Description of the outstanding matters
Investments		Some information remains outstanding from fund managers. Our review of third party confirmations received to-date is not yet complete.
Consistency opinion		We have received a draft of the Pension Fund Annual Report. However, we have not yet compared the revised Pension Fund financial statements (within the Statement of Accounts of the Council) with the revised Pension Fund financial statements within the Pension Fund's Annual Report.
Finalised financial statements		The Pension Fund is revising its financial statements to reflect updated valuations it receives from fund managers. Following consideration of the revised valuations we will then complete our checks on the finalised financial statements before giving our opinion.
Audit Quality Control and Completion Procedures		Our audit work, including the specific procedures carried out in relation to the significant audit risks identified, is yet to undergo review by the Engagement Lead. In addition, there are residual procedures to complete, including completing our internal technical consultations on the proposed audit opinion and the updated financial statements, updating post balance sheet event considerations to the point of issuing the opinion and obtaining final management representations.

-  Likely to result in material adjustment or significant change to disclosures within the financial statements.
-  Potential to result in material adjustment or significant change to disclosures within the financial statements.
-  Not considered likely to result in material adjustment or change to disclosures within the financial statements.

Section 03: **Audit approach**

3. Audit approach

Changes to our audit approach

We provided details of our intended audit approach in our Audit Strategy Memorandum in February 2022. We have not made any changes to our audit approach since we presented our Audit Strategy Memorandum.

Materiality

Our provisional materiality at the planning stage of the audit was set at £29.3 million using a benchmark of 1% of net assets available to pay benefits. We also set a separate provisional specific materiality for the fund account of £11.4 million at the planning stage of the audit using a benchmark of the higher of 10% of contributions receivable and 10% of benefits payable.

Our updated assessment of materiality, based on the draft financial statements and qualitative factors was set using the same benchmarks:

- Statement materiality £30.5 million.
- Fund account specific materiality £12.1 million.

04

Section 04: **Significant findings**

4. Significant findings

In this section we outline the significant findings from our audit work to date. These findings include:

- our audit conclusions regarding other significant risks and key areas of management judgement outlined in the Audit Strategy Memorandum;
- our comments in respect of the accounting policies and disclosures that you have adopted in the financial statements. We currently envisage concluding that the financial statements have been prepared in accordance with the financial reporting framework; and
- any significant difficulties we experienced during the audit.

Significant risks

Management override of controls	Description of the risk
	In all entities, management at various levels within an organisation are in a unique position to perpetrate fraud because of their ability to manipulate accounting records and prepare fraudulent financial statements by overriding controls that otherwise appear to be operating effectively. Due to the unpredictable way in which such override could occur, we consider there to be a risk of material misstatement due to fraud and thus a significant risk on all audits.
	<p>How we addressed this risk</p> <p>We addressed this risk through performing audit work over:</p> <ul style="list-style-type: none"> • accounting estimates impacting amounts included in the financial statements; • consideration of identified significant transactions outside the normal course of business; and • journals recorded in the general ledger and other adjustments made in preparation of the financial statements.
	<p>Audit conclusion</p> <p>Our work to date has provided the assurance we sought in each of these areas and has not highlighted any material issues to bring to your attention.</p>

4. Significant findings

Valuation of investments within level 3 of the fair value hierarchy	<p>Description of the risk</p> <p>At 31 March 2022 the Pension Fund held investments which were not quoted on an active market with a fair value of £427.5 million, accounting for 14.6 per cent of the Fund's net investment assets. This included: Alternatives (£347.5 million), Property (£11.6 million), Infrastructure (£59.3 million), Private Equity (£7.9 million) and Unquoted Equity Holding in the Border to Coast Pensions Partnership (£1.2 million). Inherently these assets are harder to value, as they do not have publicly available quoted prices from a traded market, and as such they require professional judgement or assumptions to be made when valuing them at year end.</p> <p>As the pricing of these investment assets is subject to judgements, they may be susceptible to pricing variances for 2021/22 due to the assumptions underlying the valuation. We therefore consider that there is an increased risk of material misstatement.</p>
--	--

How we addressed this risk

We addressed this risk by completing the following additional procedures:

- agreeing the valuation included in the Pension Fund's underlying financial systems to supporting documentation including investment manager valuation statements and cash flows for any adjustments made to the investment manager valuation;
- agreeing holdings from fund manager reports to the custodian's report;
- agreeing the investment manager valuation to audited accounts or other independent supporting documentation, where available;
- reviewing the valuation methodologies through review of accounting policies within audited financial statements and challenge of the fund manager, where required;
- where audited accounts are available, check that they are supported by a clear opinion; and

Valuation of investments within level 3 of the fair value hierarchy (cont'd)	<p>How we addressed this risk (cont'd)</p> <ul style="list-style-type: none"> • where available, reviewing independent control assurance reports to identify any exceptions that could present a risk of material misstatement in the Pension Fund's financial statements. <p>Audit conclusion</p> <p>Subject to completion of the outstanding work and matters outlined on page 7, our work has provided the assurance we sought in the above areas. It has however highlighted a difference between the valuation of investments in the initial set of accounts prepared and the final version of the accounts on which we will be giving our opinion. This difference results from the timing of valuations received from fund managers. The adjusted misstatement involved will be detailed in our Audit Completion Report.</p>
---	--

4. Significant findings

Qualitative aspects of the Fund’s accounting practices

We have reviewed the Fund's accounting policies and disclosures and our work to date has concluded they comply with the 2021/22 Code of Practice on Local Authority Accounting, appropriately tailored to the Fund's circumstances..

In line with our expectations, there have been no significant changes to accounting policies for the year ended 31 March 2022.

Draft accounts were received from the Fund on 30 June and were of a good quality.

Significant difficulties during the audit

During the course of the audit we did not encounter any significant difficulties and we have had the full co-operation of management. It is however worth noting that our audit work has been completed through remote working arrangements. Whilst challenging at times, through the effective use of technology and close liaison with finance and other officers of the Fund these challenges were overcome.

Wider responsibilities

Our powers and responsibilities under the 2014 Act are broad and include the ability to:

- issue a report in the public interest;
- make statutory recommendations that must be considered and responded to publicly;
- apply to the court for a declaration that an item of account is contrary to law; and
- issue an advisory notice under schedule 8 of the 2014 Act.

We have not to date exercised any of these powers as part of our 2021/22 audit.

The 2014 Act also gives rights to local electors and other parties, such as the right to ask questions of the auditor and the right to make an objection to an item of account. No such objections have been raised.

Section 05: **Internal control recommendations**

Page 100

5. Internal control recommendations

The purpose of our audit is to express an opinion on the financial statements. As part of our audit we have considered the internal controls in place relevant to the preparation of the financial statements. We do this in order to design audit procedures to allow us to express an opinion on the financial statement and not for the purpose of expressing an opinion on the effectiveness of internal control, nor to identify any significant deficiencies in their design or operation.

The matters reported in this section are limited to those deficiencies and other control recommendations that we identified during our normal audit procedures and that we consider to be of sufficient importance to merit being reported. If we had performed more extensive procedures on internal control we might have identified more deficiencies to be reported. Our comments should not be regarded as a comprehensive record of all deficiencies that may exist or improvements that could be made.

Our work to date has not identified any internal control issues to bring to your attention. Should any issues arise during the completion of our audit, these will be reported to the Audit Committee in a follow-up letter.
