Agenda Item 5

# Background

- In 2018 the first multi agency Children in Care and Care Leavers strategy was set and it ran until Jan 2022.
- The strategy included input from Children Service, Schools, Health partners, Criminal Justice agencies, District Councils and of course our Leaving Care Service.
- The 2018/21 strategy strengthened all our services to our children and helped cement new partnership working and the wider partnership offer to our Children in Care and Care Leavers.
- This is our new opportunity to shape our aspirations and direction of travel. The strategy aims to develop a refreshed culture, embed a refreshed language and maintain momentum in our Child in Care and Leaving Care Services.

It is the ambition of Lincolnshire County Council for our children and young people in or leaving care to be safe, happy, and healthy, to enjoy life and realise their potential. Where they are provided with a safe and dependable foundation from which they can grow and achieve as this offers every child who has had a difficult start, the promise of a brighter future, with every prospect of success.

We will provide them with high quality care, support and guidance to ensure that they get the opportunities they deserve, as we know the highest quality of social care can transform the life chances of the most vulnerable children in Lincolnshire. Through relationship-based interactions, we will give them the support they need to be resilient and well prepared for adulthood and independence.
