## Section 01: **Audit Progress**

# 1. Audit Progress

This report sets out progress on the external audits for 2021/22 and 2022/23. It also includes a summary of recent publications that the Pensions Board and Audit Committee may find useful.

## 2021/22 Audit

Our work on the 2021/22 audit is complete apart from our final checks on the version of the accounts that we will be giving our opinion on. As reported in our Audit Completion Report we anticipate issuing an unqualified opinion, without modification, on the financial statements. We also anticipate concluding that the Pension Fund financial statements within the Pension Fund's Annual Report are consistent with the Pension Fund financial statements within the Statement of Accounts of Lincolnshire County Council. We will be giving our opinion alongside the opinion given on the Council's main accounts where the final elements of our audit are currently being completed.

## 2022/23 Audit

We have commenced our planning work for the 2022/23 audit year. We are liaising with the finance team and completing our normal procedures plus those required by ISA315 (revised) through February and March. We expect to present our Audit Strategy Memorandum (ASM) to the Audit Committee meeting on 19 June 2023. On the following page we set out our initial provisional timetable for our work on the financial statements. We will agree the specific timetable with the finance team as part of our audit planning discussions. We have set out below some initial thoughts and expectations based on our initial planning work.

## Materiality

At this stage of our planning work we envisage materiality being broadly in line with the level we used in our 2021/22 audit work. We therefore expect to set a similar materiality threshold at 1% of net assets for 2022/23. Our initial assessment of performance materiality is that it will also be at the same level as 2021/22, i.e. 80% of overall materiality. We also intend setting a provisional specific materiality for the fund account using a benchmark of the higher of 10% of contributions receivable and 10% of benefits payable as we did for 2021/22. Should any circumstances arise as we finalise our planning that mean we revise these initial views we will report these in our ASM.

## Identified risks

As previously mentioned we have not yet completed our planning work, however the previous year's risks (management override of controls and valuation of investments within level 3 of the fair value hierarchy) are likely to apply equally this year.
