Report to:	<b>Environment and Economy Scrutiny Committee</b>
Date:	<b>11 April 2023</b>
Subject:	<b>Environment and Economy Scrutiny Committee Work Programme</b>

**Summary:**

This item enables the Committee to consider and comment on the content of its work programme for the year to ensure that scrutiny activity is focused where it can be of greatest benefit. The work programme will be reviewed at each meeting of the Committee to ensure that its contents are still relevant and will add value to the work of the Council and partners.

**Actions Required:**

Members of the Committee are invited to review the work programme and highlight any additional scrutiny activity which could be included for consideration in the work programme.

## 1. Background

Overview and Scrutiny should be positive, constructive, independent, fair and open. The scrutiny process should be challenging, as its aim is to identify areas for improvement. Scrutiny activity should be targeted, focused and timely and include issues of corporate and local importance, where scrutiny activity can influence and add value.

All members of overview and scrutiny committees are encouraged to bring forward important items of community interest to the committee whilst recognising that not all items will be taken up depending on available resource.

Members are encouraged to highlight items that could be included for consideration in the work programme.
